

Satin Chrome is ClosetMaid's new wire finish available to builders and homeowners. Satin Chrome provides another trend upgrade for homeowners everywhere complementing Stainless Steel Kitchens nationwide. The 5/8" wire spacing of Close Mesh shelving provides excellent stability and prevents cans and jars from tipping. The Satin Chrome wire storage system provides an alternative upgrade to white wire systems for homeowners that are looking for a more sophisticated finish.

SUPERSLIDE®

The original, economical traditional mounting system can be configured to fit any space or storage need.

Close Mesh shelving features 5/8" wire spacing to prevent items from tipping.

SuperSlide shelving is a great all-purpose shelf. The addition of the SuperSlide hardware provides closet rods with continuous sliding hanger action.

- Satin Chrome finish will be available in both traditional fixed mount and SuperSlide.
- SuperSlide allows hangers to slide without interruption. Available in 12" and 16" depths.
- Close Mesh shelving is available in 12", 16" and 20" shelf depths.
- Ask your ClosetMaid Authorized Dealer for more information and an estimate.
